

SmartShopper User Manual

Shopping list:

Quick Add: To add an item without specifying details.

Show Details/Hide Details: Switch between showing only item names and showing items with store and deadline information.

Add: To add an item with store and/or deadline.

Delete: Remove item(s) from the list.

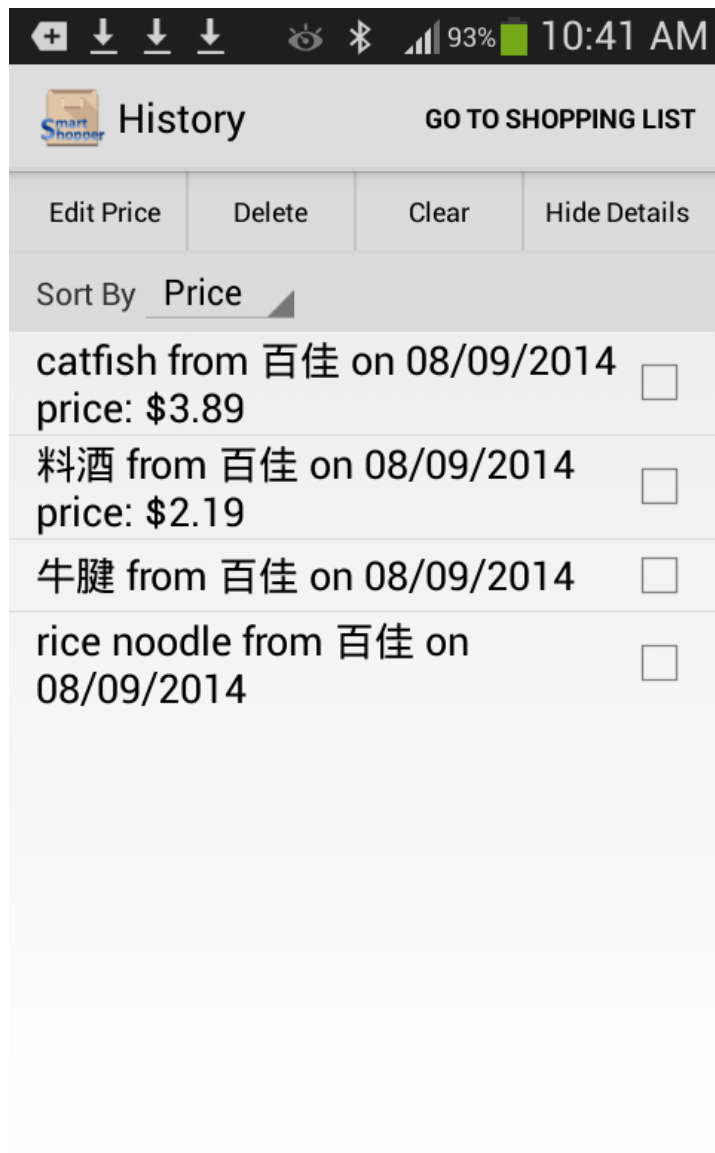

Edit: Edit selected item.

Bought: Move selected item(s) from the shopping list to history. Date when this action is done will be recorded as purchase date.

Sort By: Sort items by stores or deadline.

Go To History: Go to shopping history.

Purchase history:

Edit Price: Edit item store, purchase date and add/edit price.

Delete: Delete selected item(s) from history.

Clear: Clear all history. This button only works when you do a long press so that you won't clear your history by accident.

Show Details/Hide Details: Switch between showing only item names and showing items with store and deadline information.

Sort By: Sort items by stores or purchase date or price.

Go To Shopping List: Go to shopping list.
